Product description

Voxicon Antiblue Terminal Glasses

Improve your work environment and increase productivity with Voxicon Antiblue Terminal Glasses, designed to deliver both clarity and comfort. These high-quality glasses are perfect for those who value both functionality and style.

Exceptional Clarity

Our polycarbonate lenses offer a crystal clear viewing experience and protect against harmful UV rays, improving comfort during prolonged use.

Anti-reflective Coating

Reduces glare and eye strain, increasing productivity and reducing fatigue during the working day.

Scratch-resistant lenses

Keeps glasses in top condition for longer, reducing the need for frequent replacements and therefore lowering costs.

Lightweight and comfortable

Made from TR90 plastic, known for its durability and flexibility, ensuring comfort throughout the working day.

Flare reduction

Voxicon Antiblue terminal glasses reduce harmful blue light by 50%, reducing the risk of digital eye strain and improving sleep quality for users working long hours in front of screens.

Stylish Design

Full frame design for a professional and sophisticated look, perfect for office environments.
