Product description

Prokord Floor Stand SL for Sonos ERA 100

Perfect Sound Experience with Adjustable Height

The Prokord Floor Stand SL for Sonos ERA 100 is designed to maximize your audio experience. With an adjustable height from 700 mm to 1270 mm, you can easily position your speaker at the ideal listening height for optimal acoustics.

Stable and secure mounting

Made from high-quality steel and aluminum, this floor stand ensures both strength and durability. The powder-coated finish provides an elegant finish while protecting against scratches and corrosion.

Suitable for all floor types

Both plastic pads and steel nails are included to ensure stability on different surfaces. Plastic pads provide stability on hard surfaces, while steel spikes are perfect for carpeting. This makes the floor stand a versatile choice for all types of rooms and floor types.

Integrated cable management

For a clean and organized installation, the floor stand has an integrated cable management in the column. This helps to hide and organize the cables, providing a neat and tidy appearance without any tangles.

Stylish Design

Choose between matte black or matte white to match your speaker and décor. The stylish design allows the floor stand to blend seamlessly into any room.
