# Product description

## Prokord Wall mount for SONOS ERA 100

Robust construction

Made of high-quality steel, this wall mount ensures both strength and durability. The powder-coated finish provides an elegant finish while protecting against scratches and corrosion. The bracket's design ensures a secure mounting of your Sonos ERA 100 with a weight capacity of up to 3 kg.

Flexible adjustment possibilities

To optimize the acoustics of your room, our wall mount offers tiltability from 0° to -18° and swivelability from +45° to -45°. This allows you to adjust the angle and direction of the speaker exactly to your needs, giving you the best sound experience no matter where you are in the room.

Stylish Design in Two Colors

Choose between matte black or matte white to match your speaker and décor. The discreet design allows the mount to blend seamlessly into any room.

Easy Installation

All necessary mounting hardware is included and the clear instructions make installation quick and easy even for beginners.

Enhance your home theater system

Mounting your Sonos ERA 100 on the wall not only optimizes sound quality, but also frees up valuable space in your home. This makes the wall mount an excellent choice for both small and large rooms where a clean and organized look is desired.
