Cirafon Wall Charger 20W USB-C + USB-A

The Cirafon Wall Charger with 1xUSB-C and 1xUSB-A allows you to quickly charge one or two mobile devices at the same time, without the risk of overheating or short circuit. It is an approved fast charger for both iPhone (with USB-C to Lightning cable) and Android devices with fast charging support.

Fast charge your smartphone

Charge your smartphone up to 50% in just 30 minutes. With USB Power Delivery (USB-PD) technology, you get a more efficient and faster charge when using a compatible charger.

USB-PD Power Delivery

USB-PD is a modern charging technology that offers fast and powerful charging, with power from 0.5 W up to 100 W. This technology automatically adjusts the voltage depending on the device you connect, making it ideal for mobiles, tablets and computers.

GaN technology

GaN (Gallium Nitride) chargers use a semiconductor material that allows the same capacity as traditional silicon-based chargers but in a smaller and more compact format.

Maximum Power Output

- USB-C port: Max 20W
- USB-A port: Max 18W
- Both USB-C and USB-A ports simultaneously: Max 10W per port

Cirafon wall chargers combine advanced technology with practical functionality to give you a reliable and fast charging experience.
