

Voxicon VXD-O27QP

Data sheet

Core Specs

Screen size	27 "
Display resolution	2560 × 1440 pixels
Panel type	IPS
Native aspect ratio	16:9
Maximum refresh rate	60 Hz
Display brightness (typical)	300 cd/m²
Screen shape	Flat
Built-in USB hub	No
Energy efficiency class (SDR)	G
Panel mounting interface	100 x 100 mm
Touchscreen	No

Summary

- ✓ 27" QHD (2560x1440) IPS panel delivers sharp, consistent colors
- ✓ 2ms response and 60Hz refresh reduce blur for smooth business video
- ✓ Low Blue Light and flicker free tech eases eye strain for long use
- ✓ Flexible ergonomic stand with pivot, swivel, tilt, and height adjustment
- ✓ DVI, HDMI and DisplayPort inputs, DP cable included, VESA 100x100 support

Product description

Why choose this monitor?

Voxicon D27QP Corporate Monitor Package gives you a 27-inch QHD workspace that balances image clarity and everyday reliability. It delivers clearer text and more desktop space than Full HD, while adjustable ergonomics and a full set of inputs make the monitor easy to fit into shared desks, home offices, and multi-screen setups.

D27QP Corporate Monitor Package in short:

- 27-inch 2560 × 1440 QHD IPS panel, good for spreadsheets, web design, and detailed content. QHD means 2.5K resolution, about 1.7 times the pixels of 1080p.
- IPS panel and Edge LED backlight for consistent colors and wide viewing angles, useful when you share the screen or work with graphics.
- Ergonomic stand with tilt, swivel, pivot, and height adjustment, plus VESA 100 × 100 mounting for monitor arms.
- Multiple inputs including HDMI, DisplayPort and DVI, plus a headphone output. DisplayPort cable and power adapter are included.
- Consider that the display runs at up to 60 Hz, so it is optimized for productivity and video playback rather than high-refresh competitive gaming.

Display and image quality

The D27QP uses an IPS LCD with an Edge LED backlight to provide stable color and wide viewing angles across the 27-inch screen. The 2560 × 1440 QHD resolution increases workspace so you can see more columns in a spreadsheet or more detail in images without scaling. A 2 ms response time helps keep motion looking clean during video playback.

Connectivity and installation

You get a range of ports for modern and legacy equipment, including HDMI, DisplayPort, and DVI, along with a headphone output for private listening. The package includes a DisplayPort cable, a power adapter, and the stand. The VESA 100 × 100 mounting pattern makes the monitor compatible with third-party arms and clamps if you prefer a desk-mounted setup like the arm shown in the image.

Comfort and usability

Built-in Low Blue Light and flicker-free technologies reduce eye strain during long sessions. The adjustable stand lets you position the screen for a comfortable line of sight and supports portrait orientation via pivot. These features help create a flexible, comfortable workstation for long workdays and varied tasks.

Technical Specification Matrix

Header

Manufacturer	Voxicon
--------------	---------

Display

Screen size	27 "
Display resolution	2560 × 1440 pixels
Native aspect ratio	16:9
Display technology	LCD
Touchscreen	No
HD type	2.5K/QHD
Panel type	IPS
Backlight type	Edge LED
Display brightness (typical)	300 cd/m²
Response time	2 ms
