## PROKORD USB-C to 2x DisplayPort Adapter 4K 60 Hz (Splitter / Dual Display)

PROKORD USB-C to 2x DisplayPort Adapter is a powerful and flexible solution for anyone who wants to connect two external displays via a single USB-C port. Perfect for modern workplaces where high productivity and extended screen space are essential.

### Connect two displays at the same time

The adapter makes it easy to connect two DisplayPort screens from a single USB-C port. Ideal for multitasking, analysis work, or whenever you need to work efficiently across multiple screens.

### 4K resolution at 60 Hz

Support for up to 4K @60 Hz delivers a sharp and smooth image with a high level of detail, ideal for both professional work and media.

### Dual display with smart functionality

Supports both screen mirroring and desktop extension. On Windows with MST support you can show different content on each screen, while macOS mirrors the image to both screens.

### Stable and high-performance connection

With DisplayPort 1.4 and bandwidth up to 32.4 Gbps you get stable signal transmission, support for HDR, and improved color reproduction.

### Compact design for flexible use

The short cable (0.12 m) and compact format make the adapter easy to bring along and use both at the office and on the go.

### Key features

- USB-C to 2x DisplayPort
- Up to 4K @60 Hz
- Dual display (extended desktop via MST on Windows)
- Mirror or extend screen
- DisplayPort 1.4 (32.4 Gbps)
- Support for HDR and HDCP 1.4/2.2
- Compact design with 0.12 m cable
- Plug & play

### Summary

A convenient and powerful USB-C adapter that makes it easy to connect two screens and create an efficient workspace, perfect for anyone who wants to maximize productivity with a simple solution.
