Product description

Optimal solution for white labels

Maximize your packaging professionalism with Gilford TR016T shipping labels. Specially designed for seamless compatibility with thermal printers, these labels ensure crisp and clear prints for all your shipping and organizational needs.

Durable and reliable

Gilford is proud to provide labels that stand up to the rigors of distribution. Made from high-quality materials, these white shipping labels retain their integrity and legibility under a variety of environmental conditions, making them an excellent choice for businesses and individuals alike.

Smooth compatibility

Designed for seamless integration with DHL systems, these STE DT 105x220 mm shipping labels are tailored for quick labeling tasks. Simplify your shipping process with media designed to work seamlessly with both thermal technology and standard direct thermal printers.

Convenient for bulk

**Offered in 8-packs, Gilford shipping labels ensure you have enough labels to handle large volumes of shipments. Reduce downtime and streamline your workflow with inventory that's readily available for immediate use whenever the need arises.

Efficient label dimensions

Measuring 105x220 mm, these labels are perfectly suited for a variety of packaging types. The ample surface area accommodates the necessary shipment information while giving your packages a clean and professional look.

Brand recognition

Trust the quality and consistency that Gilford offers with its TR016T model. The brand's reputation for producing reliable print media gives businesses and consumers a trusted choice for all shipping label requirements.
