

Receipt Paper 57/36/12-14m 30-Rolls

Data sheet

Summary

- ✓ Direct thermal receipt paper made for point-of-sale printers and ticket machines.
- ✓ 57 mm width and 14 m length per roll to lower roll changes during busy shifts.
- ✓ Pack of 30 rolls simplifies inventory and reduces the frequency of reorders.
- ✓ White, non-adhesive finish for clear, legible receipts that store well in standard cash drawers.
- ✓ Note: direct thermal paper is sensitive to heat and light, store rolls in a cool, dry place to prevent fading.

Product description

Why choose these receipt paper rolls?

Receipt Paper 57/36/12-14m 30-Rolls Gilford delivers reliable direct-thermal printing across 30 white, non-adhesive rolls. Each roll's 57 mm width and 14 m length reduce changeovers and help you streamline stock for retail checkouts, ticketing and other point-of-sale applications. The compact rolls fit common printers and cash drawers, so you spend less time on supply handling and more time on operations.

Receipt Paper 57/36/12-14m 30-Rolls in short:

- Direct thermal receipt paper made for point-of-sale printers and ticket machines.
- 57 mm width and 14 m length per roll to lower roll changes during busy shifts.
- Pack of 30 rolls simplifies inventory and reduces the frequency of reorders.
- White, non-adhesive finish for clear, legible receipts that store well in standard cash drawers.
- Note: direct thermal paper is sensitive to heat and light, store rolls in a cool, dry place to prevent fading.

Receipt Paper 57/36/12-14m 30-Rolls

This pack contains 30 rectangle-format rolls designed for direct-thermal printers, producing receipts and tickets without ink or ribbons. Each lightweight 28 g roll delivers 14 metres of paper at a 57 mm width, giving dependable print runs and fewer interruptions at the till. The non-adhesive surface makes handling simple and aligns with common receipt and ticketing workflows.
