

Receipt Paper 57/36/12-14m 100-Rolls

Data sheet

Summary

- ✓ Direct thermal paper for clear, immediate receipts without ink or ribbon.
- ✓ 57 mm wide rolls, 14 m length, suitable for most standard receipt printers.
- ✓ Packed as 100 rolls to minimize reordering and support high-usage settings.
- ✓ White, non-adhesive rolls for sales receipts, transaction slips, and order confirmations.
- ✓ Check printer roll diameter and core fit before purchase to ensure compatibility.

Product description

Why choose this receipt paper?

Gilford Receipt Paper 57/36/12-14m 100-Rolls provides consistent, direct-thermal printing for high-volume point-of-sale and kiosk environments. It helps reduce downtime by supplying a large pack of uniform, white rolls that fit common 57 mm printers, so you can keep operations running smoothly with fewer roll changes.

Receipt Paper 57/36/12-14m 100-Rolls in short:

- Direct thermal paper for clear, immediate receipts without ink or ribbon.
- 57 mm wide rolls, 14 m length, suitable for most standard receipt printers.
- Packed as 100 rolls to minimize reordering and support high-usage settings.
- White, non-adhesive rolls for sales receipts, transaction slips, and order confirmations.
- Check printer roll diameter and core fit before purchase to ensure compatibility.

Product details

These rolls are designed for straightforward use in thermal receipt printers at retail counters, restaurants, ticketing points, and self-service terminals. The smooth, white surface produces legible text and simple graphics with direct-thermal print heads. Supplied in a bulk pack of 100, the rolls lower handling frequency and simplify inventory management. Store the rolls in a cool, dry place to avoid premature darkening or fading, and confirm your printer accepts 57 mm width and the roll core size for a correct fit.
