Product description

Optimize your shipping process with Gilford shipping labels

Meet the demands of your business and ease your mail handling with Gilford shipping labels. These high-quality thermal labels are designed to support you with efficient and legible printing, perfect for both office and home use. Each label measures 102x192mm, providing plenty of space for all your shipping information.

Durable and practical design

Gilford's precision-cut shipping labels ensure your packages are clearly addressed and can withstand the rigors of transport. With the TR013T model's thermal printing technology, each label adheres securely to your packages and resists smudging and fading for consistent readability.

Convenient packaging

STE DT shipping labels come in packs of 20 and have been thoughtfully packaged to be simple and easy to use. The optimal pack size for both small and large businesses ensures you have enough labels on hand without excessive excess, making these labels a wise choice for your business.

Seamless compatibility

Gilford labels are designed for compatibility with a wide range of print materials and devices and work seamlessly with thermal printers. This ensures a smooth and hassle-free printing experience, allowing you to maintain a high level of productivity in your shipping and handling operations.

Professional presentation

The sleek and professional look of Gilford shipping labels enhances the presentation of your packages. With clear and crisp prints, they reflect the professionalism and attention to detail of your brand, while demonstrating your commitment to quality in all aspects of customer interaction.
