

# Power Socket 6Xsocket 1.5m White On/Off

## Data sheet

### Summary

- ✓ Six Type F outlets to power PCs, monitors, printers, and other desk or rack-mounted equipment.
- ✓ Built-in on/off switch with red indicator for easy power control and quick shutdown when needed.
- ✓ 1.5 m cable and angled Type F plug for flexible positioning close to walls or under desks.
- ✓ White housing keeps the strip discreet in office and workroom environments.
- ✓ For indoor use only, check compatibility with local mains and device plugs before purchase.

# Product description

## Why choose this power strip?

Prokord Power Socket 6Xsocket 1.5m White On/Off helps you power and manage multiple devices from a single wall socket. With six Type F outlets and a built-in on/off switch, it reduces cable clutter and gives quick control over connected equipment. The 1.5 m cable and angled plug ease placement behind furniture and racks.

## Power Socket 6Xsocket 1.5m White On/Off in short:

- Six Type F outlets to power PCs, monitors, printers, and other desk or rack-mounted equipment.
- Built-in on/off switch with red indicator for easy power control and quick shutdown when needed.
- 1.5 m cable and angled Type F plug for flexible positioning close to walls or under desks.
- White housing keeps the strip discreet in office and workroom environments.
- For indoor use only, check compatibility with local mains and device plugs before purchase.

## Details

This power strip gives you a simple, reliable way to expand a single mains socket into six usable outlets. The on/off switch lets you cut power to all connected devices at once, which helps save energy during idle periods and simplifies maintenance. The angled Type F plug and 1.5 m cable make it easier to fit behind furniture and equipment racks. The unit is intended for indoor use and works with Type F (CEE 7/4) plug systems.
