

Power Socket 6Xsocket 5m Black

Data sheet

Summary

- ✓ Six grounded Type F outlets, suitable for powering several PCs, monitors, printers, or network devices.
- ✓ 5 m cable provides flexible placement without extra extension cords.
- ✓ Angled Type F plug saves space behind desks and reduces cable stress.
- ✓ Black finish blends into office and IT environments.
- ✓ Designed for indoor use, so plan for dry, protected locations only.

Product description

Why choose this power strip?

Prokord Power Socket 6Xsocket 5m Black gives you reliable, grounded power distribution for multiple devices while keeping installation simple. The six Type F outlets and a 5 m cable let you place equipment away from wall sockets. The angled plug helps the strip sit close to walls and furniture, making it practical for office desks, meeting rooms, and IT cabling areas.

Power Socket 6Xsocket 5m Black in short:

- Six grounded Type F outlets, suitable for powering several PCs, monitors, printers, or network devices.
- 5 m cable provides flexible placement without extra extension cords.
- Angled Type F plug saves space behind desks and reduces cable stress.
- Black finish blends into office and IT environments.
- Designed for indoor use, so plan for dry, protected locations only.

Practical design

The strip arranges six recessed Type F sockets in a compact row, making it easy to plug in multiple devices without blocking neighbouring sockets. The recessed layout helps keep plugs secure and reduces accidental disconnection when equipment is moved.

Where to use it

This Prokord power strip works well for office desks, small server racks, AV setups, and shared workspaces where several devices need a single, neat power source. The long cable lets you route power from distant wall outlets and position equipment for better cable management.

What to consider

Check the combined power draw of connected devices to avoid overloading the circuit. Use the strip in dry, indoor spaces and follow site electrical guidelines for safe installation.

Technical Specification Matrix
