

Power Socket 6Xsocket 5m White On/Off

Data sheet

Summary

- ✓ Six Type F outlets to power several devices at a desk, AV rack, or small office.
- ✓ 5 m cable offers flexible placement without extra extension cords.
- ✓ On/off switch lets you turn all connected devices off at once.
- ✓ Angled Type F plug fits recessed or crowded wall sockets more easily.
- ✓ Intended for indoor placement only, consider installation location before purchase.

Product description

Why choose this power strip?

Prokord Power Socket 6Xsocket 5m White On/Off gives you a simple way to power multiple devices from a single wall outlet. It reduces cable clutter and keeps devices within reach with a long 5 m cable. The built-in on/off switch lets you cut power quickly, and the angled plug helps when wall sockets are in tight positions. It is designed for indoor use.

Power Socket 6Xsocket 5m White On/Off in short:

- Six Type F outlets to power several devices at a desk, AV rack, or small office.
- 5 m cable offers flexible placement without extra extension cords.
- On/off switch lets you turn all connected devices off at once.
- Angled Type F plug fits recessed or crowded wall sockets more easily.
- Intended for indoor placement only, consider installation location before purchase.

Main functions and everyday use

The Power Socket 6Xsocket 5m White On/Off provides a central power hub for printers, monitors, routers, chargers, and other equipment. The six outlets let you plug multiple items without swapping plugs. The on/off switch makes it easy to cut standby power to grouped devices, helping to simplify shutdown routines and reduce energy waste.

Installation and compatibility

The unit uses Type F AC outlets and a Type F angled plug, so it is compatible with standard European CEE 7/4 sockets. With a 5 m cable you can position the strip where it is most convenient, behind furniture or beside workstations. Keep the product indoors and away from moisture, and place it where ventilation and cable routing are clear.
