

Audio Y-Adapter 3.5mm Stereo - 2X3.5mm Stereo

Data sheet

Summary

- ✓ Split a single 3.5mm stereo output into two identical 3.5mm stereo outputs for shared listening.
- ✓ Simple plug-and-play solution for phones, tablets, laptops, and portable audio players.
- ✓ Compact black housing and straight connectors keep the adapter low-profile and easy to carry.
- ✓ Passive design requires no power or drivers, so setup is immediate.
- ✓ Note: this adapter duplicates the same left and right signals to both outputs and does not mix channels or provide individual volume control.

Product description

Why choose this audio adapter?

Prokord Audio Y-Adapter 3.5mm Stereo - 2X3.5mm Stereo helps you share one stereo output with two headsets or passive speakers. It reduces the need for extra equipment, fits compact setups, and keeps connections simple, which is useful for quick audio sharing during meetings, training, or travel.

Audio Y-Adapter 3.5mm Stereo - 2X3.5mm Stereo in short:

- Split a single 3.5mm stereo output into two identical 3.5mm stereo outputs for shared listening.
- Simple plug-and-play solution for phones, tablets, laptops, and portable audio players.
- Compact black housing and straight connectors keep the adapter low-profile and easy to carry.
- Passive design requires no power or drivers, so setup is immediate.
- Note: this adapter duplicates the same left and right signals to both outputs and does not mix channels or provide individual volume control.

Practical use and compatibility

This compact adapter is useful when two people need to listen to the same audio source or when you want to connect two sets of passive speakers temporarily. The straight 3.5mm male plug and two straight 3.5mm female sockets make it compatible with most standard headphone jacks. You get one piece per pack, so it is convenient to keep as a spare in a meeting room kit, travel bag, or workstation drawer.
