

Prokord AUDIO-0017

Data sheet

Core Specs

Cable length	3 m
Connector 1	3.5mm
Connector 2	3.5mm
Product colour	Black

Summary

- ✓ Gold-plated 3.5mm plugs ensure stable audio and resist corrosion
- ✓ 3m length gives flexible reach for desks, meeting rooms and AV setups
- ✓ Straight connectors plug in easily, reducing strain on device ports
- ✓ Durable black jacket blends into workspaces, hides wear and dirt

Product description

Why choose this audio cable?

Audio 3.5mm Male - 3.5mm Male 3.0m Prokord gives you a straightforward way to connect phones, laptops, or audio players to speakers and car aux inputs. The 3 metre length provides placement flexibility while gold-plated contacts reduce corrosion risk and help maintain a reliable signal over time.

Audio 3.5mm Male - 3.5mm Male 3.0m in short:

- 3.5mm male-to-male connection for linking headphones, speakers, car audio and portable devices.
- 3 m length allows flexible device placement without stretching or awkward routing.
- Gold-plated contacts for improved corrosion resistance and consistent contact quality.
- Straight metal connector housings and a black cable for a durable, professional fit.
- Make sure both devices accept a standard 3.5mm stereo jack before purchase.

Product details

This Prokord audio cable is designed to make wired audio connections simple and reliable. The gold-plated contacts and solid connector housings help maintain steady connections during repeated use. With its 3 metre length you can position source and playback devices more freely, and the black cable keeps installations neat in office, meeting room, or vehicle environments.
