

Prokord AUDIO-0021

Data sheet

Core Specs

Cable length	10 m
Connector 1	3.5mm
Connector 2	2 x RCA
Product colour	Black

Summary

- ✓ 10m length links 3.5mm male to two RCA male connectors
- ✓ Gold plated contacts resist corrosion, ensure reliable audio
- ✓ Copper conductors provide consistent signal transmission
- ✓ TPE jacket and straight plugs offer flexibility, simple plug-in

Product description

Why choose this audio cable?

Prokord Audio 3.5mm Male - 2xRCA Male 10.0m gives you a practical, low-cost way to connect portable audio sources to home or professional AV equipment. The 10 m length lets you place devices where they work best, while durable materials and gold-plated contacts help ensure consistent connections and easy installation.

Audio 3.5mm Male - 2xRCA Male 10.0m in short:

- 10 m length for flexible placement of source and receiver.
- 3.5 mm stereo plug to two RCA male plugs, ideal for connecting phones, laptops, or media players to amplifiers, receivers, or TVs.
- Gold-plated contacts reduce corrosion and improve long-term contact reliability.
- Copper conductor with a TPE jacket for clear signal transmission and good flexibility.
- Red and white colour-coded RCA plugs for straightforward left and right channel connection, note that this is a passive analog cable.

Product details

This Prokord cable routes stereo audio from a 3.5 mm output to RCA inputs with minimal fuss. The straight connectors and colour coding make setup quick, and the flexible TPE jacket keeps the cable manageable during installation. Gold-plated contacts and copper conductors support stable analog performance over the 10 m run, so you can place your devices where they are most convenient.
