

Prokord DB-D 0027

Data sheet

Core Specs

Cable length	15 m
Connector 1	DB9
Connector 2	DB9
Product colour	Beige

Summary

- ✓ Extends RS-232 connections reliably up to 15 m
- ✓ Straight male and female DB9 plugs secure legacy device links
- ✓ Beige jacket blends with office cabling for tidy installations
- ✓ Robust construction minimizes connection faults over long runs
- ✓ Supplied as single pack for straightforward replacement or spares

Product description

Why choose this serial cable?

Prokord Serial Cable Ext DB9 Male- DB9 Female 15m provides a practical way to extend RS-232 links without changing your setup. The 15 metre length and straight DB9 male-to-female connectors let you place equipment where it is needed while keeping connections stable. It balances durability and simplicity for office and industrial control environments where steady serial communication matters.

Prokord Serial Cable Ext DB9 Male- DB9 Female 15m in short:

- Extends RS-232 connections up to 15 metres for legacy devices and control equipment.
- Straight DB9 male to DB9 female connectors provide a straightforward, secure link for serial ports.
- Beige cable blends into indoor installations and equipment racks.
- Suitable for industrial monitoring, point-of-sale systems, and device integration tasks.
- Not recommended for high-interference areas or outdoor use without additional protection.

Product details

This Prokord cable lets you extend a serial connection simply by plugging the straight DB9 male end into the host and the DB9 female end to the device. The connectors include screw-fastening thumbscrews for a secure mechanical connection, reducing accidental disconnects in busy installations. At 15 metres, the cable maintains reliable communication for typical RS-232 applications, making it useful for technicians who need a dependable, no-fuss extension in indoor environments.
