

Prokord DB-D 0028

Data sheet

Core Specs

Cable length	1 m
Connector 1	DB9
Connector 2	DB9
Product colour	Beige

Summary

- ✓ Extends serial connections with a 1m DB9 male to DB9 female cable
- ✓ Straight connectors make setup quick and alignment simple
- ✓ 1m length fits tight racks and bench environments
- ✓ Beige finish blends with equipment, suitable for visible runs
- ✓ Single pack offers a spare cable for maintenance and repairs

Product description

Why choose this serial cable?

Prokord Serial Cable Ext DB9 Male- DB9 Female 1m provides a simple, reliable way to extend serial connections between devices with DB9 ports. It reduces setup time with straightforward connections and a compact 1 meter length, making it practical for short runs in racks, workstations, and test benches while keeping installations neat and easy to manage.

Serial Cable Ext DB9 Male- DB9 Female 1m in short:

- Extends serial links between devices that use DB9 ports, useful for legacy equipment, lab instruments, and POS terminals.
- Straight male-to-female DB9 connectors ensure correct pin alignment and easy plug-in.
- 1 meter length fits short-distance connections behind desks, in cabinets, or between nearby devices.
- Beige colour matches many existing cabling layouts for a discreet installation.
- Consideration: not suited for long-distance runs or non-DB9 interfaces.

Product details

This Prokord Serial Cable Ext DB9 Male- DB9 Female 1m connects a male DB9 port to a female DB9 port, giving you a quick, plug-and-play extension for standard serial devices. The straight connector form factor helps with tidy routing in confined spaces. The cable is supplied as a single unit, and its simple design makes it easy to integrate into maintenance, testing, or legacy system setups without additional configuration.
