

Prokord DB-D 0029

Data sheet

Core Specs

Cable length	3 m
Connector 1	DB9
Connector 2	DB9
Product colour	Beige

Summary

- ✓ 3m cable extends serial connections without extra adapters
- ✓ Male to female DB9 ends fit standard serial ports for easy linking
- ✓ Straight form factor keeps connections stable and simple to route
- ✓ Beige finish blends into professional spaces for a discreet setup
- ✓ Quality construction by Prokord helps reduce downtime in daily use

Product description

Why choose this serial cable?

Prokord Serial Cable Ext DB9 Male- DB9 Female 3m is a practical extension cable that keeps serial links stable over a 3 m distance. It offers reliable, easy-to-fit connectivity with straight DB9 connectors and a neutral beige finish that integrates into office and industrial setups. The design focuses on durability and straightforward installation to reduce downtime.

Prokord Serial Cable Ext DB9 Male- DB9 Female 3m in short:

- Extends DB9 serial connections up to 3 m, useful for peripherals, controllers, and legacy equipment.
- Male-to-female straight connectors with screw locks for secure, vibration-resistant mating.
- Beige finish to blend with typical IT and industrial environments.
- Supplied as a single cable, ready to use.
- Not suited for high-interference environments; choose a shielded cable if electromagnetic interference is a concern.

About this cable

The Prokord cable provides a simple way to lengthen serial connections between devices such as terminals, routers, POS systems, and industrial controllers. Both ends use straight DB9 connectors with thumbscrews to maintain a firm connection during regular use. The 3 m length gives flexibility in equipment placement, while the robust connector housings support repeated plug cycles in maintenance and installation tasks.
