

Sync/Charge Cable Lightning 2m - White2m White

Data sheet

Summary

- ✓ iPhone and iPad users who need extra reach from wall outlets or car chargers
- ✓ Home office setups where device placement varies frequently
- ✓ Travelers looking to share a single cable between hotel rooms and charging hubs
- ✓ Presenters or streamers requiring extended connections to laptops or power banks

Product description

Overview

Cirafon Sync/Charge Cable Lightning 2m - White delivers reliable charging and high-speed data transfer for Apple devices, combining a generous 2 m length with durable straight connectors and true plug-and-play simplicity.

Who is it for?

- iPhone and iPad users who need extra reach from wall outlets or car chargers
- Home office setups where device placement varies frequently
- Travelers looking to share a single cable between hotel rooms and charging hubs
- Presenters or streamers requiring extended connections to laptops or power banks

Benefits

With 2 m of flexible wiring you can keep your device comfortably within reach while it charges or syncs. Straight Lightning and USB-A connectors ensure a snug fit without wobble, and the white finish blends seamlessly into any environment. The cable’s plug-and-play design means no software installation or drivers—just connect and go.

Things to consider

- Not compatible with devices requiring USB-C or proprietary fast-charge standards
- Lacks water or dust resistance for outdoor or industrial use

Why choose this cable?

This cable offers a balance of length, reliability, and ease of use that typical short cables can’t match. It reduces clutter by letting you charge and sync from a distance, saving you from repositioning devices or adding extension cords. Its straightforward design and white coloration make it a versatile, cost-effective accessory for any Apple setup.
