

Sync/Charge Cable Lightning 3m - White3m White

Data sheet

Summary

- ✓ Remote workers needing to connect and power devices from a distance.
- ✓ Home office setups where outlets are far from the desk.
- ✓ Conference rooms running presentations that require flexible cable routing.
- ✓ IT technicians testing multiple Apple devices across various stations.

Product description

Overview

Cirafon Sync/Charge Cable Lightning 3m - White offers fast, plug-and-play charging and data transfer for Apple devices with a generous 3 m length, sturdy connectors, and a sleek white finish.

Who is it for?

- Remote workers needing to connect and power devices from a distance.
- Home office setups where outlets are far from the desk.
- Conference rooms running presentations that require flexible cable routing.
- IT technicians testing multiple Apple devices across various stations.

Benefits

With the Cirafon Sync/Charge Cable Lightning 3m - White, you get reinforced connectors that resist wear and maintain a stable connection. The straight Lightning and USB-A ends plug in without drivers, letting you charge or sync data instantly. Its extended length gives you room to work anywhere in the room while keeping your device powered.

Things to consider

- Not compatible with non-Lightning ports without an adapter.
- Designed for standard charging and data transfer, not high-power audio or video output.

Why choose this Sync/Charge Cable?

This cable combines reliability and cost-effectiveness, reducing the need for multiple adapters or extensions. The durable build minimizes interruptions, and plug-and-play simplicity means no setup delays. Its long reach and clean white design keep your workspace neat and efficient.
