Product description

Why choose this micro USB cable?

Sync/Charge Cable Micro USB 2m - Black, Ciraфон delivers a practical, no-frills solution for charging and syncing devices with a micro USB port. The 2 m length gives flexible placement around workstations and meeting rooms. Nickel-plated contacts and a PVC jacket help maintain reliable connections and resist everyday wear, making it a cost-effective spare or replacement cable.

Sync/Charge Cable Micro USB 2m - Black in short:

- 2 m length, useful when outlets or chargers are not within arm’s reach.
- USB 2.0 data transfer up to 480 Mbit/s, suitable for file syncs and backups.
- Charges low-power devices at 5 V / 0.5 A; not compatible with USB Power Delivery standards.
- Straight, male-to-male connectors with nickel plating for stable contact and corrosion resistance.
- Black PVC jacket for basic mechanical protection and easy cable management.

Usage and compatibility

This cable connects devices with a micro USB port to standard USB-A hosts for power and data. It is suitable for charging and syncing smartphones, headsets, small cameras, and other peripherals that accept standard micro USB charging rates. The design focuses on durability and practical reach rather than high-power fast charging or USB-C features, so choose it when compatibility and cable length are your primary needs.
