

Power Cord PC Power Extender 0.5m Straight Black 0.5m C14 C13 Black

Data sheet

Summary

- ✓ C14 (female) to C13 (male) straight connectors for standard IEC power connections.
- ✓ 0.5 m length, suitable for short extensions behind servers, UPS units, PDUs, and desktop systems.
- ✓ Black finish blends with typical IT equipment and helps keep cable routing discreet.
- ✓ Straight connector form reduces strain and fits well in tight mounting locations.
- ✓ Check compatibility with your equipment's IEC C13/C14 connectors before purchase.

Product description

Why choose this power cord?

Power Cord PC Power Extender 0.5m Straight Black Prokord is a compact IEC power extender that bridges short gaps between equipment and power sources. It gives a reliable, cost-effective way to tidy cable runs in racks and workstations, while straight connectors make insertion and removal easier in confined spaces.

Power Cord PC Power Extender 0.5m Straight Black in short:

- C14 (female) to C13 (male) straight connectors for standard IEC power connections.
- 0.5 m length, suitable for short extensions behind servers, UPS units, PDUs, and desktop systems.
- Black finish blends with typical IT equipment and helps keep cable routing discreet.
- Straight connector form reduces strain and fits well in tight mounting locations.
- Check compatibility with your equipment's IEC C13/C14 connectors before purchase.

Product details

The Power Cord PC Power Extender 0.5m Straight Black Prokord provides a short, flexible link between IEC power inlets and plugs so you can reposition devices or reach recessed outlets without replacing main power cables. Its straight C14 (female) and C13 (male) connectors maintain a secure connection and are easy to connect and disconnect in cramped spaces. The compact length keeps runs neat while supporting common server and workstation power setups.
