

Prokord DPC-0008

Data sheet

Core Specs

Cable length	1 m
Connector 1	C14
Connector 2	C13
Product colour	White

Summary

- ✓ 1m length keeps power close while reducing cable clutter
- ✓ Straight C14 to C13 connectors provide secure IEC connections
- ✓ White finish blends with office setups, helping a tidy rack
- ✓ Simple plug-and-play extension for fast, tool-free installation
- ✓ Durable build suited to server rooms and daily IT use

Product description

Why choose this power cable?

Prokord Power Cable 1.0m Extension C13/C14 White gives you a neat, reliable way to extend power connections between C13 and C14 devices. It reduces cable clutter and simplifies rack and desktop layouts, while the straight connectors and 1 m length make installation quick and predictable in confined spaces.

Prokord Power Cable 1.0m Extension C13/C14 White in short:

- 1 m extension with straight male C14 to straight female C13 connectors, for linking UPS, PDUs, servers, and desktop power supplies.
- White finish keeps visible cabling discreet and suits modern office or equipment room aesthetics.
- Straight form-factor connectors provide secure, low-profile connections in tight spaces.
- Ideal for short extensions and tidier cable runs where full-length cords create excess bulk.
- Not suitable for outdoor or high-moisture environments, and consider a longer cable if you need more reach.

Product details

This Prokord cable connects equipment with C13 and C14 inlets and outlets, letting you extend an existing power run without changing devices. The straight male C14 and straight female C13 plugs fit standard IT hardware, so you can swap or reposition equipment with minimal downtime. The white jacket helps maintain a clean appearance in office-facing areas while the simple plug-and-play design keeps installation fast and tool-free.
