

Prokord DPC-0010

Data sheet

Core Specs

Cable length	1 m
Connector 1	CEE7/7
Connector 2	C13
Product colour	White

Summary

- ✓ Angled mains plug fits tight wall outlets, saves desk clearance
- ✓ IEC C13 connector ensures compatibility with PCs, servers and UPS
- ✓ 1m length offers tidy routing for close-mounted equipment
- ✓ White finish blends into modern office setups, keeps cabling discreet
- ✓ Secure fit reduces accidental disconnections during maintenance

Product description

Why choose this power cord?

Prokord Power Cord PC Power Output 1m Angled White gives a tidy, reliable connection for desktop equipment. The angled European plug helps keep the cable close to the wall, reducing strain and saving space. Its 1 m length is convenient for short runs behind desks and for keeping cabling neat in office and AV setups.

Power Cord PC Power Output 1m Angled White in short:

- 1 m length, ideal for short connections behind desks and cabinets.
- Angled CEE7/7 plug keeps the cable close to the wall and reduces strain on the outlet.
- Straight IEC C13 connector fits PCs, monitors, UPS units, and other common IT equipment.
- White colour for a discreet, clean appearance in light-coloured environments.
- Check that the CEE7/7 plug matches the local mains outlet standard before purchase.

Product details

The Prokord Power Cord PC Power Output 1m Angled White provides a straightforward way to power IT devices with a standard IEC C13 inlet. The angled male CEE7/7 plug is designed for European-style sockets and helps when space is limited behind furniture or equipment racks. The straight C13 connector offers a secure fit to power supplies and monitors, while the white finish makes the cable less visible in many office and retail environments.
