

Power Cable 1.5m Jumper C14/C19 2m C14 C19 Black

Data sheet

Summary

- ✓ Prokord C14 to C19 female-to-female jumper for linking PDUs and equipment with matching inlets.
- ✓ 2m length gives flexible routing in racks and between cabinets.
- ✓ Straight connector form factors fit standard rack layouts and make insertion straightforward.
- ✓ Black jacket for discreet cable management in equipment rooms.
- ✓ Note: both ends are female, check that your devices or PDUs provide the matching male inlets.

Product description

Why choose this power cable?

Power Cable 1.5m Jumper C14/C19 Prokord is a practical, black jumper cable with straight, female C14 and C19 connectors supplied in a 2m length. It helps simplify rack power distribution and temporary reconfiguration, while maintaining a neat appearance and reliable electrical contact in server rooms and data centres.

Power Cable 1.5m Jumper C14/C19 in short:

- Prokord C14 to C19 female-to-female jumper for linking PDUs and equipment with matching inlets.
- 2m length gives flexible routing in racks and between cabinets.
- Straight connector form factors fit standard rack layouts and make insertion straightforward.
- Black jacket for discreet cable management in equipment rooms.
- Note: both ends are female, check that your devices or PDUs provide the matching male inlets.

Power Cable 1.5m Jumper C14/C19

This cable provides a simple way to reroute or extend AC power between compatible devices. Use it to connect PDU outlets to equipment in dense rack environments, or to bridge outlets when reorganising hardware. The moulded, straight connectors reduce strain at the connection points and the black jacket resists visible wear. Verify connector gender compatibility before purchase to ensure a direct fit with your power inlets.
