

Prokord DPC-0015

Data sheet

Core Specs

Cable length	1.8 m
Connector 1	CEE7/7
Connector 2	C5
Product colour	Black

Summary

- ✓ Angled C5 connector fits laptop power in tight spaces
- ✓ CEE7/7 angled plug works with standard EU mains sockets
- ✓ 1.8m cable gives flexible reach for desks and workstations
- ✓ Durable black design from Prokord simplifies cable management

Product description

Why choose this power cable?

Prokord Cable Power 3-Pin - Laptop Angled 1.8m provides a reliable mains connection for laptops and external power supplies. Angled plugs reduce strain and save space behind desks and equipment racks. The 1.8 m length gives flexible reach while keeping excess cable to a minimum, and the black finish blends into most office and POS environments.

Cable Power 3-Pin - Laptop Angled 1.8m in short:

- Angled CEE7/7 (male) to C5 (female) connection, suitable for laptop power adapters with a C5 inlet.
- 1.8 m length for flexible routing in offices, meeting rooms, and service areas.
- Angled connectors help reduce cable stress and allow closer placement to walls and furniture.
- Black colour for discreet cable management.
- Check that your power brick accepts a C5 connector before purchase.

Product details

This cable connects a Schuko-style mains outlet to a laptop or small device power supply using the three-pin C5 inlet. The angled form factors on both ends make it easier to route behind furniture and reduce pull on the connector. The cable is made by Prokord and is intended as a straightforward replacement or spare for compatible laptop power supplies.
