Product description

Why choose this cable?

Prokord Cable Displayport - DVI-D Single Link 1m Black provides a dependable link between DisplayPort sources and single-link DVI displays. It delivers stable video up to 1920x1200 at 60Hz, with DisplayPort 1.2 and HBR2 support plus HDCP for protected content. The 1m length keeps workstations tidy, while shielding and gold-plated contacts reduce signal interruptions.

Cable Displayport - DVI-D Single Link 1m Black in short:

- Connects DisplayPort-equipped systems to DVI-D monitors for desks, meeting rooms, and classrooms.
- Supports DisplayPort 1.2 and HBR2 for reliable 1920x1200 at 60Hz output.
- Aluminium-foil plus braid shielding and tinned copper conductors reduce interference and improve durability.
- Gold-plated, straight male connectors ensure a secure physical and electrical connection.
- Note: 1m length and single-link DVI limit resolution and are not intended for 4K or high-refresh gaming setups.

Product details

This cable converts a DisplayPort output to a DVI-D input so you can reuse existing DVI displays with newer systems. Data transfer up to 2.7 Gbit/s and HDCP compliance support playback of protected sources. The cable combines 28AWG tinned copper conductors, a PVC jacket, and aluminium-foil plus braid shielding to balance flexibility with robustness. Straight male connectors with gold-plated contacts help maintain consistent contact during repeated use, and the 7.3 mm diameter and 1 m length keep routing simple at a workstation.
