

Adapter Displayport - VGA 0.2m Black 0.2m DisplayPort VGA

Data sheet

Summary

- ✓ Connects a DisplayPort output (male) to a VGA display (female), ideal for monitors and projectors with VGA input.
- ✓ 0.2 m cable keeps connections tidy close to the source, useful for desktops and meeting-room setups.
- ✓ Straight connector form factors make plug-in access easy on most devices.
- ✓ Black finish blends with common AV and IT equipment.
- ✓ Sold as a single unit. Check that your DisplayPort source supports VGA output (DP++), otherwise an active converter may be required.

Product description

Why choose this adapter?

Prokord Adapter DisplayPort - VGA 0.2m Black gives you a simple way to link a DisplayPort output to a VGA monitor or projector. It helps reduce cable clutter on a desk or meeting room table and provides a secure, straightforward connection for legacy displays. The short cable and compact housings make setup quick and neat.

- Connects a DisplayPort output (male) to a VGA display (female), ideal for monitors and projectors with VGA input.
- 0.2 m cable keeps connections tidy close to the source, useful for desktops and meeting-room setups.
- Straight connector form factors make plug-in access easy on most devices.
- Black finish blends with common AV and IT equipment.
- Sold as a single unit. Check that your DisplayPort source supports VGA output (DP++), otherwise an active converter may be required.

Product details

The Prokord Adapter DisplayPort - VGA 0.2m Black is designed for straightforward signal routing from a DisplayPort-equipped device to an analog VGA display. The adapter features a compact, robust housing with standard VGA screw holes for a secure mechanical connection. Its short cable length limits excess cabling and keeps installations neat. The product is supplied as one piece per pack.
