

Prokord DVI-I 0131

Data sheet

Core Specs

Cable length	1 m
Connector 1	DVI
Connector 2	DVI
Product colour	Black

Summary

- ✓ Dual link DVI preserves high resolution video for detailed displays
- ✓ Gold plated contacts reduce corrosion and ensure stable connections
- ✓ Tinned copper conductors maintain reliable digital signal transfer
- ✓ Aluminum foil and braid shielding minimize signal interference
- ✓ Straight male connectors with thumbscrews enable secure, easy setup

Product description

Why choose this cable?

Prokord Cable DVI-D - DVI-D Dual Link 1m Black provides reliable digital signal transmission with a dual link design that supports higher resolution displays and data-heavy applications. Gold-plated contacts and robust PVC jacket improve long-term connection stability. Integrated ferrite cores and foil/braid shielding reduce interference, making the cable a practical choice for controlled IT and AV environments where consistent performance matters.

Prokord Cable DVI-D - DVI-D Dual Link 1m Black in short:

- Dual link DVI-D, male to male, suitable for high-resolution displays and digital media equipment.
- Gold-plated contacts reduce corrosion and improve contact reliability over time.
- Ferrite cores plus aluminum foil and braid shielding help minimise electromagnetic interference in busy installations.
- 1m length keeps desk and rack connections neat and reduces excess cable clutter.
- Consider if you need longer runs or frequent mobile reconnections, as the 1m straight-male design is best for fixed setups.

Product details

Prokord Cable DVI-D - DVI-D Dual Link 1m Black connects DVI-D ports with straight male connectors for a secure fit. The dual link configuration increases available bandwidth, which helps maintain image quality on high-resolution displays. Tinned copper conductors and a 9mm PVC jacket provide durability and stable signal transfer, while gold-plated contacts and integrated ferrite chokes cut down on connection issues and interference. The cable ships as a single 1pc pack and is aimed at stable, installed environments where dependable digital connectivity is required.

Technical Specification Matrix

Header

Manufacturer	Prokord
--------------	---------

Features

Cable length	1 m
Connector 1	DVI
Connector 1 gender	Male
Connector 1 form factor	Straight
Connector 2	DVI
Connector 2 gender	Male
Connector 2 form factor	Straight
Product colour	Black

HDCP	No
Cable material	Tinned copper
Dual Link DVI	Yes
AWG wire size	30AWG
Connector contacts plating	Gold plated
Cable jacket material	PVC
Quantity per pack	1 pc(s)

Weight & dimensions

Cable diameter	9 mm
Weight	240 g
Package weight	240 g
