

Cable DVI-D - DVI-D Dual Link 15m Black15m DVI-D DVI-D Black

Data sheet

Summary

- ✓ Dual-link DVI connection for higher-bandwidth digital video between source and display.
- ✓ 15 m length, useful for connecting distant equipment in conference rooms and AV installations.
- ✓ Gold-plated contacts and straight male connectors for reliable contact and corrosion resistance.
- ✓ Integrated ferrite cores to help reduce electromagnetic interference on the run.
- ✓ One cable per pack; check that both devices accept DVI-D dual-link connections and that a 15 m passive cable suits your setup.

Product description

Why choose this DVI-D cable?

Prokord Cable DVI-D - DVI-D Dual Link 15m Black gives you a reliable digital video link for long runs, reducing the need for additional adapters or repeaters. It is suited for meeting rooms, AV racks, and control installations where stable, higher-bandwidth DVI connections are required.

Cable DVI-D - DVI-D Dual Link 15m Black in short:

- Dual-link DVI connection for higher-bandwidth digital video between source and display.
- 15 m length, useful for connecting distant equipment in conference rooms and AV installations.
- Gold-plated contacts and straight male connectors for reliable contact and corrosion resistance.
- Integrated ferrite cores to help reduce electromagnetic interference on the run.
- One cable per pack; check that both devices accept DVI-D dual-link connections and that a 15 m passive cable suits your setup.

Product details

This Prokord cable connects two DVI-D ports with straight male connectors, carrying a full digital signal over a dual-link interface. The black jacket blends into professional AV environments while gold-plated contacts improve signal reliability over time. Ferrite cores near the connectors help suppress interference, which can be beneficial in equipment-dense installations. The cable is supplied as a single unit, making it a straightforward choice when you need a longer direct digital video connection.
