Product description

Why choose this cable?

Prokord Cable DVI-D - DVI-D Single Link 3m Black gives you a simple way to connect digital displays with reliable signal quality. The 3 meter length adds installation flexibility, while gold plated contacts and built-in ferrite cores help maintain a stable connection and reduce interference. Its PVC jacket and robust construction make it suitable for regular use in office and meeting room setups.

Prokord Cable DVI-D - DVI-D Single Link 3m Black in short:

- Connects DVI-D equipped devices for clear digital video transmission, useful for monitors, projectors, and signage
- 3 meter length offers flexible placement of displays and source devices
- Gold plated contacts and ferrite cores reduce signal loss and external interference
- Durable PVC jacket and tinned copper conductors for everyday reliability
- Note: designed for digital DVI-D signals only, not compatible with analog VGA without an adapter

Product details and use

This DVI-D single link cable uses straight male DVI-D connectors with screw fastening to keep connections secure and prevent accidental unplugging. The combination of gold plated contacts, tinned copper conductors and shielding helps preserve signal integrity, while ferrite cores suppress high-frequency noise in busy electronic environments. The cable suits typical digital display resolutions and everyday installation needs, providing a dependable link between source and screen.
