

VideoadapterMicro HDMI VGA, 3.5mm Black

Data sheet

Summary

- ✓ Converts micro HDMI (male) to VGA with a 3.5 mm audio output, for connecting devices with micro HDMI to legacy displays and speakers.
- ✓ Plug-and-play, no driver or settings required, useful for quick presentations and field setups.
- ✓ Supports HDMI 1.3 input bandwidth and HDCP 1.2, so protected content and full 1080p signals are handled.
- ✓ Analogue video output up to UXGA and 1080p with 10-bit DAC for clear, consistent image quality on VGA screens.
- ✓ Check that your source device has a micro HDMI output, as the adapter requires that connector type.

Product description

Why choose this videoadapter?

Prokord Videoadapter converts a micro HDMI output to a VGA display and analogue audio, making it easy to link modern tablets, cameras, or small-form PCs to older projectors and monitors. It works without software setup, supports HDCP 1.2 and 1080p/UXGA quality, and its compact black design keeps installations neat and reliable for meetings and presentations.

Prokord Videoadapter in short:

- Converts micro HDMI (male) to VGA with a 3.5 mm audio output, for connecting devices with micro HDMI to legacy displays and speakers.
- Plug-and-play, no driver or settings required, useful for quick presentations and field setups.
- Supports HDMI 1.3 input bandwidth and HDCP 1.2, so protected content and full 1080p signals are handled.
- Analogue video output up to UXGA and 1080p with 10-bit DAC for clear, consistent image quality on VGA screens.
- Check that your source device has a micro HDMI output, as the adapter requires that connector type.

Prokord Videoadapter

The Prokord Videoadapter provides a straightforward way to convert a micro HDMI signal into an analogue VGA video signal and separate audio. It supports the necessary HDMI bandwidth for full 1080p playback and HDCP 1.2 protected content, and delivers analogue output suitable for projectors and monitors that accept UXGA or 1080p. The straight-form, black cable and connector housing keep the adapter low-profile and easy to route in meeting rooms or mobile setups.
