Product description

Why choose this cable?

Prokord Cable HDMI - DVI-D Single Link 10m Black connects HDMI sources to DVI displays over a 10 meter run, giving stable signal transmission for meeting rooms, classrooms, and digital signage. Its aluminium foil plus braid shielding and gold-plated contacts reduce interference, while the PVC jacket and 24AWG tinned copper conductors deliver durability for everyday installations.

Prokord Cable HDMI - DVI-D Single Link 10m Black in short:

- 10 m length, useful for connecting source devices to distant displays in conference rooms and presentation setups
- HDMI male to DVI-D male straight connectors, suitable for linking PCs, AV equipment, and set-top boxes to DVI monitors
- Aluminium foil plus braid shielding and gold-plated contacts improve resistance to electromagnetic interference and contact reliability
- Durable PVC jacket and 24AWG tinned copper conductors designed for repeated handling and long-term use
- Consideration: single-link DVI and no HDCP support, so it may not work with dual-link DVI displays or protected HDMI content

Prokord Cable HDMI - DVI-D Single Link 10m Black

This cable provides a simple, reliable way to extend HDMI signals to DVI-D displays without adapters. The straight male connectors and secure DVI fit make setup straightforward, and the robust shielding helps maintain signal quality in environments with other electronic equipment. Choose this cable when you need a practical, durable connection between modern HDMI sources and legacy DVI displays, and confirm device compatibility for HDCP or dual-link requirements.
