

Prokord HDMI-D 0055

Data sheet

Core Specs

Cable length	15 m
Connector 1	HDMI
Connector 2	DVI-D
Product colour	Black

Summary

- ✓ 15m length enables flexible placement of displays and AV equipment
- ✓ Straight HDMI and DVI-D male plugs ensure easy, secure connections
- ✓ Gold-plated contacts improve signal reliability and corrosion resistance
- ✓ Black jacket blends into racks and desks for a tidy AV setup
- ✓ Single pack is convenient for one-to-one workstation and meeting use

Product description

Why choose this cable?

Prokord Cable HDMI - DVI-D Single Link 15m Black gives you a dependable digital video link for longer runs. It reduces installation complexity, keeps cabling neat, and uses gold-plated contacts to help maintain signal quality over distance. The cable works well where HDMI sources must connect to DVI-D displays without extra adapters.

Cable HDMI - DVI-D Single Link 15m Black in short:

- 15 m length for flexible routing between equipment racks and displays.
- Connects HDMI output to DVI-D input, suitable for monitors, projectors, and media players.
- Gold-plated contacts improve corrosion resistance and help preserve signal integrity.
- Straight, male-to-male connectors with a screw-retained DVI plug for a secure connection.
- Note: DVI-D single link does not carry audio and has resolution limits, so check display requirements before purchase.

Product details

Prokord Cable HDMI - DVI-D Single Link 15m Black provides a straightforward way to link HDMI sources to DVI-D screens. The cable's length and flexible jacket make it practical for conference rooms, classrooms, and AV installations. Gold plating on the contacts helps reduce contact wear and supports consistent video transmission. Remember that DVI-D is a digital video-only interface, so audio must be routed separately and very high resolutions that require dual-link DVI are not supported.
