Product description

Why choose this HDMI cable?

Prokord Cable HDMI - HDMI 5m Thin Black provides a refined solution for connecting HDTVs, projectors and media players over a 5 metre run. Its slim black design and flexible TPE jacket make routing simple, while gold plated contacts and aluminium foil plus braid shielding help maintain a clean audio-visual signal for movies, streaming and presentations.

Cable HDMI - HDMI 5m Thin Black in short:

- Slim 5 m HDMI cable with a discreet 3.6 mm diameter, easy to route behind displays and through conduits.
- Gold plated contacts and aluminium-foil plus braid shielding for a stable connection with reduced interference.
- Supports Full HD 1080p and is compatible with resolutions up to 4096 x 2160, at up to 60 Hz with 8-bit colour.
- HDCP support for protected content, suitable for set-top boxes, Blu-ray players, consoles, projectors and digital signage.
- Consideration: straight HDMI connectors may require an adapter for tight or angled ports.

Practical details

This cable carries uncompressed audio and video between HDMI-equipped devices using HDMI 1.4 compatibility. It uses tinned copper conductors and a flexible TPE jacket for durability and easy installation. The robust shielding helps avoid signal degradation in typical home and office environments. HDR is not supported, so the cable is best suited to general multimedia use rather than ultra high-demand professional installations.
