HDMI version	1.4

Summary

- ✓ 15m length reaches distant displays and AV racks with ease.
- ✓ Flat white profile routes neatly behind desks and along walls.
- ✓ Gold plated contacts reduce corrosion for reliable connections.
- ✓ HDMI 1.4 male to male connectors match common AV equipment.
- ✓ Single unit pack simplifies procurement for small deployments.

Product description

Why choose this HDMI cable?

Prokord Cable HDMI - HDMI 15m Flat White provides a long, reliable HDMI connection for AV setups where devices are far apart. It helps keep installations tidy with a slim flat cable and offers a stable connection through gold-plated contacts, making it practical for meeting rooms, digital signage, and home AV routing.

Cable HDMI - HDMI 15m Flat White in short:

- 15 m length, suitable for connecting distant displays, projectors, or AV receivers.
- Flat cable design, easy to route under carpets or along skirting boards for neat installations.
- Gold-plated HDMI male-to-male connectors for consistent contact and reduced corrosion.
- Compatible with HDMI 1.4 devices, suitable for standard HD and common multimedia needs.
- Consider that HDMI 1.4 has lower bandwidth than newer versions, check it meets your display requirements.

Product details

This flat, white HDMI cable connects two HDMI-equipped devices using straight male-to-male connectors. The slim profile makes it easier to hide or secure in constrained spaces, while the gold-plated contacts help maintain a reliable signal over repeated use. Use it to link laptops, media players, projectors, and displays where a discreet, longer cable run is needed.
