Product details

The Prokord Cable HDMI - HDMI 2m Extension Black serves as a simple, reliable link between HDMI-equipped devices. One end plugs into your source or display and the female coupler accepts an existing HDMI plug, so you can extend reach without re-routing equipment. It meets HDMI 2.0 and HDCP requirements and is built to preserve image quality with 12-bit colour depth and a 4.5 Gbit/s data rate for consistent 4K at 60 Hz performance. The cable's TPE jacket, ferrite cores, dual shielding and gold-plated contacts help maintain signal integrity during normal use in home theatres, meeting rooms and classrooms.
