Product description

Why choose this adapter?

Prokord Adapter Adapter Mini HDMI - HDMI provides a simple, reliable link between a device with a Mini HDMI output and a standard HDMI display. It supports up to 3840 x 2160 resolution and uses gold-plated contacts for a stable signal. The compact black, straight-form connector keeps installations tidy and reduces strain on ports during use.

Product details

The Prokord Adapter Adapter Mini HDMI - HDMI is a compact accessory that converts a Mini HDMI plug to a standard HDMI receptacle. It is useful when you need a direct mechanical connection without changing cables, for example during presentations or when outputting video from cameras to monitors. The molded black housing and straight connectors provide a secure fit, while the gold-plated contacts aim to keep signal loss low. Check device compatibility before purchase if your application requires active conversion.
