

Internal Power Converter SATA To 4-Pin

Data sheet

Summary

- ✓ Converts SATA 15-pin power to a standard 4-pin peripheral power connection for drives, optical units, and fans.
- ✓ Straight male SATA plug and straight female 4-pin socket for a secure, inline connection.
- ✓ Multicolour wires aid quick identification of power rails and tidy cable routing.
- ✓ Useful for system repairs, upgrades, and managing mixed-generation hardware inside a case.
- ✓ Not designed for high-current modifications or non-standard power configurations.

Product description

Why choose this internal power converter?

Prokord Internal Power Converter SATA To 4-Pin converts a SATA 15-pin power output to a 4-pin peripheral connector, helping you maintain compatibility between modern PSUs and older internal devices. Its straight male SATA and straight female 4-pin connections make installation quick, and the multicolour wiring simplifies identification and routing inside the chassis.

Prokord Internal Power Converter SATA To 4-Pin in short:

- Converts SATA 15-pin power to a standard 4-pin peripheral power connection for drives, optical units, and fans.
- Straight male SATA plug and straight female 4-pin socket for a secure, inline connection.
- Multicolour wires aid quick identification of power rails and tidy cable routing.
- Useful for system repairs, upgrades, and managing mixed-generation hardware inside a case.
- Not designed for high-current modifications or non-standard power configurations.

Usage and installation

The Prokord Internal Power Converter SATA To 4-Pin is a simple internal cable solution for situations where a 4-pin peripheral connector is required but only SATA power is available. The straight-form connectors plug directly into existing power leads for a compact, reliable connection. Colour-coded wiring follows common power rail conventions to make troubleshooting and cable management easier. Installation is straightforward and best suited for standard internal power needs rather than custom high-power setups.

Technical Specification Matrix

Header

Manufacturer	Prokord
--------------	---------

Features

Connector 1	4-pin
Connector 2	SATA Power
Connector 1 gender	Female
Connector 2 gender	Male
Connector 1 form factor	Straight
Connector 2 form factor	Straight
Product colour	Multicolour
