

Prokord MDPH12M-1M-W

Data sheet

Core Specs

Cable length	1 m
Connector 1	Mini DisplayPort
Connector 2	HDMI
Product colour	White
HDMI version	1.4
DisplayPort version	1.2

Summary

- ✓ Connect Mini DisplayPort laptops to HDMI screens, with audio support
- ✓ Supports up to 4096x2160 resolution at 30Hz for crisp 4K output
- ✓ Gold-plated contacts ensure reliable signal and resist corrosion
- ✓ 1m white cable with straight connectors fits desktop and mobile setups
- ✓ HDMI 1.4 and DisplayPort 1.2 compatibility for broad device support

Product description

Why choose this cable?

Prokord Cable Mini-Displayport - HDMI W/Audio 1m White provides a simple single-cable solution for sending video and audio from Mini DisplayPort-equipped devices to HDMI displays. It reduces cable clutter, supports high-resolution content for presentations and video playback, and suits short desktop or meeting-room setups.

Cable Mini-Displayport - HDMI W/Audio 1m White in short:

- Connects Mini DisplayPort output to HDMI input while carrying both video and audio.
- Supports resolutions up to 4096 x 2160, suitable for 4K presentations and video, with a maximum refresh rate of 30 Hz.
- Gold-plated contacts and straight male connectors for reliable signal transfer and reduced corrosion.
- One-metre white cable, practical for tidy desk layouts and meeting room connections.
- Note: 30 Hz at 4K may not be ideal for high-frame-rate gaming or fast-motion video.

How to use it

Use the cable to link laptops or devices with a Mini DisplayPort to TVs, monitors, or projectors that accept HDMI. The cable follows HDMI 1.4 and DisplayPort 1.2 standards, so you get audio and video over a single connection for streaming, presentations, or digital signage. The product comes as a single unit and the compact 1 m length keeps installations neat.
