

Cable SATA Internal 6GB 0.3m Black

Data sheet

Summary

- ✓ SATA III support for up to 6Gb/s transfers, suitable for connecting SSDs and hard drives.
- ✓ 0.3 m length, ideal for compact cases and short internal routing.
- ✓ Straight, male-to-male 7-pin SATA connectors for direct, stable connections.
- ✓ Flat red cable with black connectors keeps routing tidy and visible inside the chassis.
- ✓ Consideration: the short length may not work for layouts that require longer reach.

Product description

Why choose this cable?

Prokord Cable SATA Internal 6GB 0.3m Black connects internal drives reliably while keeping installations neat and compact. It supports SATA III 6Gb/s transfers, fits tight spaces with its short length and flat profile, and offers straightforward plug-in connectors that simplify drive swaps and system builds.

Prokord Cable SATA Internal 6GB 0.3m Black in short:

- SATA III support for up to 6Gb/s transfers, suitable for connecting SSDs and hard drives.
- 0.3 m length, ideal for compact cases and short internal routing.
- Straight, male-to-male 7-pin SATA connectors for direct, stable connections.
- Flat red cable with black connectors keeps routing tidy and visible inside the chassis.
- Consideration: the short length may not work for layouts that require longer reach.

Prokord Cable SATA Internal 6GB 0.3m Black

This cable provides a simple, durable link between your motherboard and internal drives. The straight SATA connectors plug into standard ports without adapters, and the compact, flat cable profile helps you manage space behind drive bays and inside small form-factor systems. Each pack contains one cable ready for installation in new builds, upgrades, or repairs.
