Product description

Why choose this cable?

Prokord Cable SATA/SAS Internal Angled 0.3m Red gives reliable internal data links for SATA III devices. The straight 7-pin connector at one end and top-positioned angled 7-pin at the other make routing easier in compact cases and rack systems. With a 0.3 m length and support for up to 6 Gbit/s, it helps reduce cable clutter while keeping stable connections for storage drives and controllers.

Product details

Prokord Cable SATA/SAS Internal Angled 0.3m Red is a compact SATA III data cable with standard male and female 7-pin SATA connectors. The angled plug simplifies installation where space is limited and helps maintain neat cable management. The cable's colour coding makes it easy to trace connections during hardware changes, and the short length reduces excess cabling inside systems.
