Product description

Why choose this cable?

Prokord Cable USB 2.0 Type A-A Male-Male 3m Grey provides reliable connectivity for peripherals with a durable PVC jacket and nickel-plated straight USB-A male connectors. The 3 m length keeps your workstation tidy while allowing flexible placement of printers, external drives and scanners. It supports USB 2.0 data transfer up to 480 Mbit/s and basic power delivery for devices that do not require high-speed connections.

Prokord Cable USB 2.0 Type A-A Male-Male 3m Grey in short:

- 3 m round grey cable with PVC jacket, designed to reduce clutter and withstand everyday use.
- USB-A male to USB-A male, straight connectors for easy plug-in with printers, scanners and external drives.
- USB 2.0 compatibility, up to 480 Mbit/s, suitable for standard file transfers and device connectivity.
- Nickel-plated contacts for consistent contact and improved corrosion resistance.
- Consideration: not suitable for USB 3.x devices or high-bandwidth or high-power requirements.

Product details

The cable connects devices with standard USB-A ports, including printers, scanners and many external storage devices you commonly use. Straight male-to-male USB-A connectors make plugging straightforward, while nickel-plated contacts help maintain a stable connection. The round PVC jacket resists wear and reduces tangling. Keep in mind the cable follows USB 2.0 speed and power limits, so it is best for applications that do not require higher bandwidth or power.
