

Prokord USB-0048

Data sheet

Core Specs

Cable length	5 m
Connector 1	USB-A
Connector 2	Mini USB-B
Product colour	Black
USB version	USB 2.0
USB Power Delivery up to	2.5 W

Summary

- ✓ 5m length lets you place devices farther apart in the workspace
- ✓ USB 2.0 at 480Mbit/s delivers steady, reliable data transfers
- ✓ Delivers up to 2.5W power for small USB accessories
- ✓ LSZH jacket reduces smoke and emissions for safer sites
- ✓ Straight male A to mini-B connectors enable simple plug-and-play

Product description

Why choose this cable?

Prokord Cable USB 2.0 Type A-B Mini Male-Male 5m Black delivers stable data transfer and extended reach for devices such as cameras, printers, and scanners. The 5 meter length lets you position equipment without moving workstations. Its low smoke zero halogen (LSZH) jacket reduces toxic emissions in case of fire, making it suitable for office and industrial environments with safety requirements.

Prokord Cable USB 2.0 Type A-B Mini Male-Male 5m Black in short:

- 5 m reach for flexible device placement and cleaner cable routing.
- USB 2.0 compatibility with up to 480 Mbit/s transfer rate for reliable file transfers and device control.
- Straight male USB-A to mini USB-B connectors for direct connections to cameras, scanners, and legacy peripherals.
- Round cable with LSZH jacket for durability and reduced smoke and halogen emissions in enclosed spaces.
- Consideration: not suitable for USB 3.0 high-speed needs, and its length makes it less suited for very portable setups.

Product details

Prokord Cable USB 2.0 Type A-B Mini Male-Male 5m Black is a purpose-built accessory for connecting mini USB-B peripherals to standard USB-A hosts. It supports standard 5 V input and up to 0.5 A, providing sufficient power for most cameras and small scanners. The round construction and straight connectors keep connections secure and make installation straightforward, while the LSZH jacket helps meet safety requirements in offices and industrial sites.
