Product description

Why choose this cable?

Prokord Cable USB 3.0 Type A-Micro B Male-Male 1m Blue gives you reliable USB 3.2 Gen 1 data transfers and basic device charging in a compact, easy-to-use package. The LSZH jacket reduces smoke and halogen release in enclosed environments. Straight connectors and a 1 m round cable length make connections simple and tidy in everyday IT setups.

Prokord Cable USB 3.0 Type A-Micro B Male-Male 1m Blue in short:

- Fast file transfers up to 5 Gbit/s, suitable for external drives and media sync.
- LSZH jacket for reduced smoke and halogen emissions in sensitive locations.
- 1 m length with straight USB-A to Micro USB-B connectors for easy, reliable connections.
- Nickel-plated contacts for corrosion resistance and consistent signal quality.
- Consideration: not suitable where very tight bending or alternate connector types are required.

Product details

This cable links a USB-A host to Micro USB-B devices, making it useful for external HDDs, older mobile devices, cameras, and some docking solutions. It supports standard USB charging at up to 5 V and 0.9 A (about 4.5 W) but does not provide USB Power Delivery. The round blue jacket helps you identify cables quickly, and the straight connector form reduces strain when plugging devices into crowded ports.
