Summary

- ✓ Extend USB connections up to 5m, keeping USB 2.0 speeds
- ✓ Female USB-A port lets you plug devices without adapters
- ✓ LSZH jacket reduces toxic smoke risk in shared workspaces
- ✓ Straight round cable flexes for neat routing in racks and desks
- ✓ Single pack supply, ready to add to office setups or service kits

Product description

Why choose this cable?

Cable USB 2.0 Ext Act Type A-A Male-Female 5m Black Prokord. This active USB 2.0 extension keeps a reliable connection over a 5 m run, so you can place printers, scanners, or kiosks farther from a host without signal drop. The low smoke zero halogen jacket improves safety in enclosed installations and the straight USB-A connectors make setup simple.

Cable USB 2.0 Ext Act Type A-A Male-Female 5m Black in short:

- Active USB 2.0 extension with inline repeater, for stable data over 5 m.
- USB-A male to USB-A female straight connectors, plug-and-play with standard USB-A ports.
- Black round cable with LSZH jacket, suitable for office and public building installations.
- Useful for extending connections to printers, scanners, label printers, and barcode readers.
- Note: USB 2.0 speeds only, not intended for USB 3.x transfer rates or high-power charging.

Details

Cable USB 2.0 Ext Act Type A-A Male-Female 5m Black is a single-pack accessory designed to extend USB-A connections while maintaining signal integrity. The inline active module regenerates the USB 2.0 signal so common peripherals keep working at their expected performance. The low smoke zero halogen cable jacket reduces harmful emissions in case of fire, which makes the cable appropriate for ceiling runs, cabinets, and other confined spaces. The straight male and female connectors fit standard USB-A ports and require no drivers for basic use.
