- ✓ Extend USB connections up to 10m for flexible device placement
- ✓ Male to female USB-A design keeps standard ports compatible
- ✓ USB 2.0 support maintains reliable data and peripheral links
- ✓ LSZH jacket lowers smoke risk in confined installations
- ✓ Straight USB-A connectors enable easy, accessible plug-in use

Product description

Why choose this USB cable?

Prokord Cable USB 2.0 Ext Act Type A-A Male-Female 10m Black helps you extend USB connections up to 10 metres while keeping signal quality and ease of use. It is practical for remote peripherals, reduces the need to reposition equipment, and uses a low smoke zero halogen jacket for safer routing in public or commercial spaces.

Prokord Cable USB 2.0 Ext Act Type A-A Male-Female 10m Black in short:

- Active USB 2.0 extension, designed to maintain data integrity over a 10 m run.
- Straight USB-A male to USB-A female connectors, ideal for extending keyboards, mice, printers, and scanners.
- Black round cable with LSZH jacket, suitable for offices and installations where reduced smoke and halogen is required.
- Inline active module boosts the signal for longer cable runs, check device compatibility for high-power peripherals.
- Supplied as one piece per pack for straightforward deployment.

Prokord Cable USB 2.0 Ext Act Type A-A Male-Female 10m Black

This active extension cable lengthens USB 2.0 connections while preserving transfer reliability at standard USB 2.0 speeds. The straight male and female USB-A connectors make it simple to plug in common peripherals without adapters. The round cable and LSZH jacket let you route the cable through cable trays and public areas with lower smoke and halogen risk, supporting cleaner and safer installations.
