

Bulk cableCat 6 100m Grey

Data sheet

Summary

- ✓ Cat6 U/UTP construction for stable gigabit network runs and straightforward termination.
- ✓ Supplied as a single 100m spool, suitable for long horizontal runs and patch panel feeds.
- ✓ LSZH jacket improves safety in enclosed spaces and helps meet building-code requirements.
- ✓ Grey jacket and bulk packaging allow neat installation and easy identification on site.
- ✓ Not intended for outdoor exposed use, and may not meet needs where heavy shielding is required.

Product description

Why choose this bulk cable?

Prokord Bulk cable combines Cat6 performance with a 100m length and an LSZH jacket to deliver reliable, high-speed connectivity for office and data center installations. It supports consistent signal quality to reduce downtime and is supplied on a bulk reel to simplify feeding, routing, and termination during large cabling runs.

Prokord Bulk cable in short:

- Cat6 U/UTP construction for stable gigabit network runs and straightforward termination.
- Supplied as a single 100m spool, suitable for long horizontal runs and patch panel feeds.
- LSZH jacket improves safety in enclosed spaces and helps meet building-code requirements.
- Grey jacket and bulk packaging allow neat installation and easy identification on site.
- Not intended for outdoor exposed use, and may not meet needs where heavy shielding is required.

Product details

Prokord Bulk cable is supplied as one 100m reel for straightforward deployment in structured cabling projects. The unshielded U/UTP design keeps terminations simple and cost-effective while meeting Cat6 performance expectations for typical office and telecom environments. The low smoke zero halogen jacket reduces hazardous emissions in the event of fire and makes the cable suitable for indoor installations where safety and compliance matter.

Technical Specification Matrix
