

Prokord UTP-0041

Data sheet

Core Specs

Connector 1	RJ-45
Connector 2	RJ-45
Cable standard	Cat 6
Cable shielding	U/UTP (UTP)
Cable length	15 m
Jacket material	LSZH

Summary

- ✓ Cat 6 performance at 10Gbps and 250MHz for fast network links
- ✓ 15m length keeps switches and devices neatly connected
- ✓ LSZH jacket limits smoke and halogen emissions for safer rooms
- ✓ Unshielded UTP with copper conductors offers consistent signal quality
- ✓ Supports PoE, so cameras and APs can receive power and data

Product description

Why choose this network cable?

Prokord TP-Cable UTP CAT.6 Unshielded Lszh RJ45 15m Grey gives you a practical 15 metre Cat 6 connection for office and infrastructure cabling. It supports Power over Ethernet for devices such as IP phones and access points, and the low smoke zero halogen jacket reduces hazardous emissions in enclosed spaces, helping meet safety requirements for shared buildings.

TP-Cable UTP CAT.6 Unshielded Lszh RJ45 15m Grey in short:

- Cat 6 performance, supporting up to 10000 Mbit/s and 250 MHz for bandwidth-demanding tasks like video streaming, VoIP, and uplinks.
- U/UTP unshielded design with copper conductors and 26 AWG wiring, flexible for standard patching and horizontal cabling runs.
- Male RJ-45 to male RJ-45 connectors for direct patching between switches, patch panels and workstations.
- LSZH jacket for installations in confined or public spaces where low smoke and halogen-free materials are required, with a neutral grey colour for tidy routing.
- Consider that this is unshielded cable, so in environments with high electromagnetic interference a shielded cable may be more appropriate.

Main features

This single-pack 15 m cable provides a straightforward way to connect network equipment and is ready for plug-and-play use. It supports PoE so you can power compatible cameras, phones and wireless access points over the same cable used for data. The LSZH jacket reduces smoke and corrosive gas in case of fire, aiding compliance with safety standards for many buildings and installations.

Technical Specification Matrix

Header

Manufacturer	Prokord
--------------	---------

Features

Cable length	15 m
Cable standard	Cat 6
Cable shielding	U/UTP (UTP)
Connector 1	RJ-45
Connector 1 gender	Male
Connector 2	RJ-45
Connector 2 gender	Male

Product colour	Grey
Jacket material	LSZH
Conductor material	Copper
Data transfer rate	10000 Mbit/s
AWG wire size	26
Frequency	250 MHz
Power over Ethernet (PoE)	Yes

Packaging data

Quantity per pack	1 pc(s)
